These maneuvers will help you to improve your horse's athleticism and obedience.

Troubleshooting Problems

Even the most well-trained horses can have problems from time to time.

Here are some common problems that you may encounter when training your Arabian horse:

- **Spooking:** Arabian horses are known for being spooky. This can make them difficult to train, but it is important to remain calm and patient.
- **Refusing to obey commands:** If your horse is refusing to obey commands, it is important to try to figure out why. They may be tired, hungry, or in pain.
- **Aggressive behavior:** Arabian horses can be aggressive if they are not properly socialized. It is important to start socializing your horse as early as possible.
