A Desolate Canvas

The wasteland is a hostile and unforgiving environment. Once a thriving landscape, it has been ravaged by war, pollution, and the relentless march

of time. The air hangs heavy with the stench of decay, and the ground is littered with the remnants of a shattered civilization.

In this desolate wasteland, a young woman named Sophy lives in a small house, a sanctuary she has built for herself amidst the ruin. She is a survivor, a solitary figure who has learned to adapt to the harsh realities of her surroundings.

A Chance Encounter

Sophy's solitary existence is disrupted by the unexpected arrival of two strangers, a man named Oak and a young boy named Fox. Oak is a wanderer, a man of few words but immense wisdom, who has seen the depths of human depravity and the heights of human potential.

Fox is a child, innocent and curious, his eyes filled with a wonder that the wasteland has yet to extinguish. He brings a touch of light into the otherwise somber landscape, reminding Sophy of the beauty that still exists in the world.

A Tapestry of Relationships

As Sophy, Oak, and Fox live together in the Little House on the Wasteland, complex and nuanced relationships begin to develop. Sophy's hard exterior gradually melts away as she learns to trust and depend on the strangers who have entered her life.
