

So You Want to Sing the Blues?

Blues music is a genre of music that is characterized by its soulful lyrics and its use of the blues scale. It is often played on the guitar, but it can also be played on other instruments such as the piano, harmonica, and bass. Blues music has a long and rich history, and it has been influenced by a variety of musical genres, including African-American spirituals, work songs, and gospel music.

If you are interested in learning how to sing the blues, there are a few things you need to know. First, you need to be able to sing with a lot of soul. This means that you need to be able to express the emotions of the song through your voice. Second, you need to be able to sing the blues scale. The blues scale is a seven-note scale that is used in many blues songs. It is made up of the following notes: 1, 2, 3, 4, 5, 6, and 7.
