In this guide, we will show you how to use large scale prints novelty fabrics panels with panache. We will cover everything from choosing the right fabrics to creating stunning quilts and garments. So whether you are a beginner or an experienced sewer, this guide has something for you.

Choosing the Right Fabrics

The first step to using large scale prints novelty fabrics panels is to choose the right fabrics. There are a few things to consider when making your

selection, including:

- **The type of project you are making.** If you are making a quilt, you will need to choose a fabric that is durable and easy to work with. If you are making a garment, you will need to choose a fabric that is comfortable to wear and drapes well.
- **The size of the print.** The size of the print will determine how much fabric you need and how it will look in your project. Larger prints will make a bolder statement, while smaller prints can be used to create a more subtle look.
- **The color and style of the print.** The color and style of the print should match the overall look and feel of your project. If you are making a quilt for a child, you may want to choose a fabric with a bright and cheerful print. If you are making a garment for a more formal occasion, you may want to choose a fabric with a more sophisticated print.

Once you have considered these factors, you can start shopping for large scale prints novelty fabrics panels. You can find these fabrics at most fabric stores and online retailers.

Creating Stunning Quilts

Large scale prints novelty fabrics panels are perfect for creating stunning quilts. The bold designs can add a touch of drama and excitement to any quilt, and the large size of the panels makes them easy to work with.

To create a quilt using large scale prints novelty fabrics panels, you will need to:

1. **Gather your materials.** You will need:

- Large scale prints novelty fabrics panels
- Quilt batting
- Quilt backing
- Thread
- A sewing machine

• **Prepare the fabrics.** Wash and dry the fabrics before you begin sewing. This will help to prevent the fabrics from shrinking or fading after you have quilted them.

• **Layout the fabrics.** Arrange the fabrics in the desired order on a flat surface. Make sure that the prints are facing up and that the edges are aligned.

• **Pin the fabrics together.** Use pins to hold the fabrics in place. Start by pinning the edges of the fabrics together, and then work your way towards the center.

• **Quilt the fabrics.** Use a sewing machine to quilt the fabrics together. You can use any type of quilting stitch you like, but a simple straight stitch will do the trick.

• **Bind the quilt.** Once the quilt is quilted, you will need to bind it to finish it off. This will help to protect the edges of the quilt and give it a polished look.

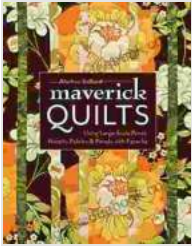

Creating Unique Garments

Large scale prints novelty fabrics panels can also be used to create unique garments. The bold designs can add a touch of personality to any outfit, and the large size of the panels makes them easy to work with.

To create a garment using large scale prints novelty fabrics panels, you will need to:

1. **Choose a pattern.** You can find patterns for garments that are specifically designed for large scale prints fabrics panels, or you can adapt a pattern for a garment that you already have. If you are adapting a pattern, make sure that you adjust the measurements to accommodate the size of the panels.
2. **Cut out the fabric.** Cut out the fabric pieces according to the pattern instructions. Make sure that you pay attention to the grain of the fabric and that you cut the pieces in the correct direction.
3. **Sew the garment together.** Follow the pattern instructions to sew the garment together. Use a sturdy thread and a sewing machine that is capable of handling heavy fabrics.
4. **Finish the garment.** Once the garment is sewn together, you will need to finish it off. This may include hemming the edges, adding buttons or zippers, or embroidering the fabric.

Large scale prints novelty fabrics panels are a great way to add a touch of drama and excitement to your sewing projects. These fabrics are available in a wide variety of colors and styles, so you can find the perfect fabric to match your taste. Whether you are making a quilt, a garment, or a home decor item, large scale prints novelty fabrics panels can help you create something truly unique.
